

WILL ENFORCE SUNDAY LAWS

Sheriff John May Issues Orders That Meat Markets, Fruit Stands, Etc., Must Keep Closed Sundays.

That he will enforce the Sunday laws regulating the closing of various places of business, such as meat markets, soft drink establishments, barber shops, etc., on Sundays was the statement authorized last night by Sheriff John A. May.

In order not to do the various business concerns violating this law an injustice, Sheriff May has made public the announcement of his plans, so that proprietors of all banned places may not open their doors to the trade Sunday, when the new order becomes effective.

Sheriff May through the press advises customers to buy their meats and such other articles needed Sunday on Saturday for he says the lid must be on tight Sunday.

Dothan is not the only city involved for the Sheriff says he has instructed his men in the various parts of the county, including Ashford and other towns to see to it that these orders are carried out.

Sheriff May was asked if the new regulations applied to Dixie and he said, "Yes, not only Dixie, but the entire county." It these orders are carried out the proposition of buying a cigar or soft drink on Sunday will be out of the question.

It may be that drug stores will be allowed to keep open certain hours on Sundays but this will probably be only in the afternoon. However the Sheriff has not decided this question definitely, as he is waiting to hear from the drug store men on this question. He will likely confer with proprietors of drug stores, in order that some agreement may be reached.

THE CAUSE OF HEADACHES

Ninety per cent of headaches are caused by defective sight or improperly fitted glasses. But there is no use of your suffering when you may have Dr. Masrow with his 23 years experience in examining eyes and fitting glasses only, fit you with a pair of glasses at the special low prices he has on for a few days longer.

He has cured hundreds of cases right here in Dothan of headaches, neuralgia, inflamed eyes, etc., with his celebrated prescription glasses, and will surely help you if you will give him a chance. Don't wait. Tomorrow may be too late.

Dr. Masrow can also be seen Sunday at his office over the Cash Drug Store.

Time Has Come When County Must Have Bloodhounds

That Houston county should have at least two well trained blood hounds, is the opinion of every man who has given the situation in this county close study, with the possible exception of a few.

Former Sheriff Ben Hay, on various occasions needed men trailers. His deputies knew this to be a fact, but neither the Sheriff nor the deputies felt moved to pull the money out their own pockets to buy the dogs, and they were right. Chief of Police Rollins of Dothan is a believer in the work of good dogs—mind you, not the "warm" variety so common in this section.

Now Sheriff John May is also of the opinion that Houston county should have a pair of blood hounds, and says he is going to use his best efforts looking towards the purchase of the dogs. Practically all officers of the city and county would be glad to see the county buy the much needed dogs. These men who have to investigate crime in this county know the value of dogs in catching criminals is their business. They are in a position to know.

Yet, with one crime occurring right after another, crimes of such nature demonstrating the actual necessity of dogs, the county commissioners carefully nursing their ideas of economy have done nothing.

An economy that tends to jeopardize the lives and property of the citizens of Houston county is a poor economy indeed. It looks like the county commissioners could see this fact. It is a big fact, and one that citizens and officers have known for these many months.

The Eagle believes that the county commissioners mean well but their efforts to save money for the county seems to have blinded them to every other consideration. Is it not the protection of life and property worth something? Would not the knowledge of blood hounds in the Sheriff's possession have a whole new influence?

This morning, according to news reaching Henry Powell, a local real estate man, his home near Webb was set on fire by an unidentified party, who after accomplishing his dastardly deed, fired a revolver in order to awaken the tenant so that he might escape death from the flames. The tracks of the man who fired the house were plain and fresh. Dogs would no doubt have run the criminal to his lair. Yet, nothing could be done. An effort was made to obtain dogs from Blakely Co. This is just one case. Similar cases are reported from time to time.

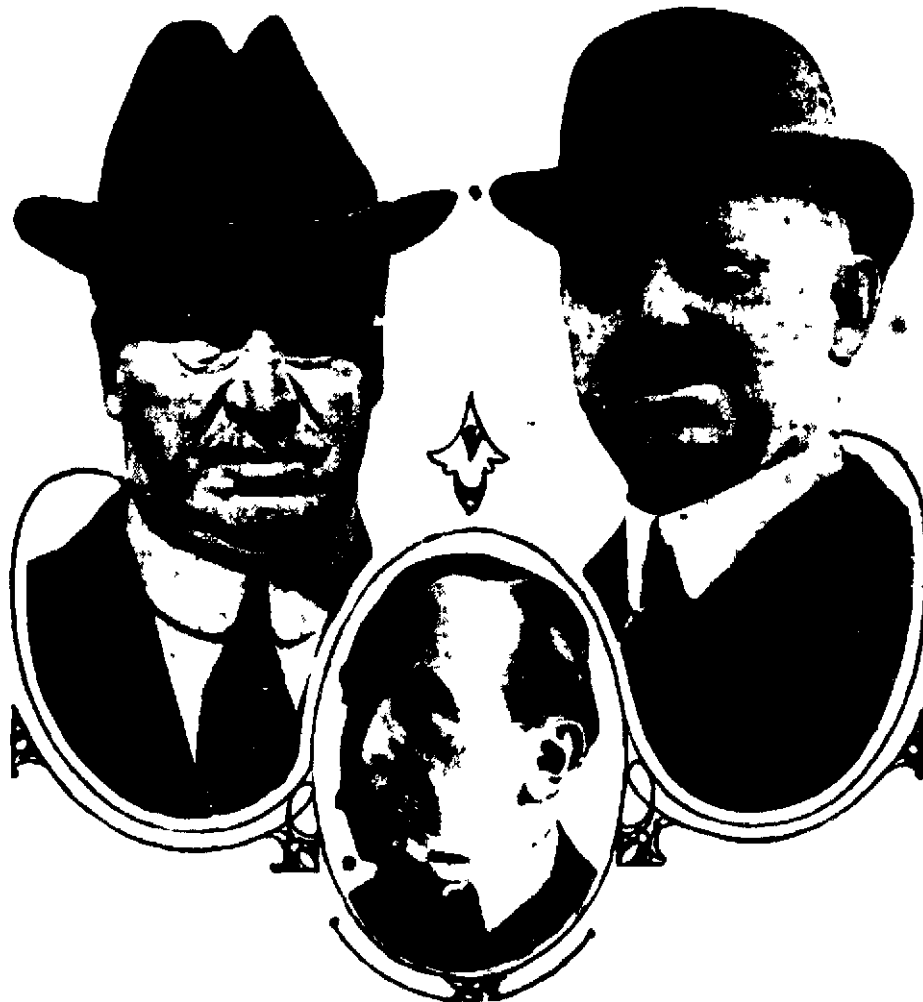

Jack Holmes, the negro who killed Pharoah Anderson, could no doubt have been captured with dogs. The deputies followed the tracks to the swamp without dogs.

The Eagle could print a long list of cases, happening within the past few months, in which the work of dogs would have no doubt proved invaluable.

Sheriff John May has received a splendid offer from the owners of a noted kennel who offer two dogs for \$250. The sheriff is allowed thirty days in which to test the dogs. In that length of time if they are found unsatisfactory, the money will be refunded. What offer could be more reasonable?

Yet, the county commissioners make themselves conspicuous by their inactivity. The eyes of every public spirited citizen of this county are on the commissioners.

THREE TRACTION MAGNATES CHARGED WITH MANSLAUGHTER AS A RESULT OF WRECK

Left to right, above: Theodore P. Shonts, president of the Montgomery Rapid Transit Company and Frank Hedley, general manager. Below: August Belmont, chairman of the Board of Directors. These millionaire traction men who control the elevated and subway railway systems in New York City have been ordered held by a grand jury to face a charge of second degree manslaughter in connection with the Grand Jury as a result of Governor Hodges' impact into the causes of the wreck on the elevated line at 116th Street and 8th Avenue on December 9, when two persons were killed.

Operator's Mistake Plays Into Hands Of The Officers

It is a remarkable fact that a play into a fellow's hands some times as was the case last night when Sheriff John A. May was endeavoring to obtain telephone communication with the Bay Line station. At the same time Deputy Alex May was trying to get John May's residence.

Blame the Central operator for the whole business, but in this instance, the mistake of the 11th telephone girl played right to the hands of the officers.

The operator connected John May's residence with the county jail or the place from which Alex May was attempting to telephone. When the Sheriff and his deputy got connected on the line, Sheriff May told his deputies to hasten to the Bay Line station which was only a short distance away, but the train was almost due.

Warden Grady Granger and Deputy Alex May rushed to the Bay Line station where they were just in time to catch L. B. Bryant who arrived on the 7:30 train last night. Bryant is charged with stealing a revolver and some clothing from a Mrs. Ham of near Cottonwood. He was incarcerated in the county jail.

They want to know what the commissioners are going to do about the matter. The time has come when something should be done, and at once. The Eagle trusts the commissioners will investigate this matter thoroughly for if they do it certainly looks as if the \$250 expenditure would be authorized without more loss of valuable time.

Blacksmith Is Held On Serious Charge

Fulls H. H. a Dothan blacksmith was held in the Houston county jail yesterday on a charge of being in possession of a long barrelled gun. The gun was found in a box in the blacksmith's shop.

It is not known what proof any of the officers have against Hutto in connection with the alleged counterfeiting, which is said to have been going on in this section, but it is reported that a moulding outfit was found by the officers. Deputy Shonts is out of town today.

SPIVEY RESIGNS

Police Officer E. O. Spivey has afternoon filed his resignation as a member of the Dothan Police Department and will no longer be connected with the force. Spivey has made one of the most of recent members of the department at all times obeying his instructions to the best of his ability. Spivey and Daugherty, who generally work together, have made more arrests than any two officers in the department. Spivey has several propositions in view and will not leave the city.

Deputies Capture 60 Gallon Illicit Distillery Friday

But a hole in the ground a 60 gallon distillery was found near Granger yesterday by Deputies Alex May and Travis Mixon after the officers had removed the leaves and soil that covered the pot.

The distillery is believed to have been stolen from a turpentine still about two years ago, and fitted up for an illicit distilling outfit.

The officers arrested Joe Foxworth in connection with the distillery and it is said would have captured another man but the gasoline in their automobile gave out and the second party escaped in escaping.

The still was at the county jail to day in custody of Warden Grady Granger.

TWO DRY BILLS ARE PASSED OVER HENDERSON'S VETO

Alabama Will Become "Dry" on June 30th, Under the Merritt Bill.

Montgomery, Ala., Jan. 22.—Both houses of the legislature yesterday afternoon rejected the amendment to the Merritt prohibition bill and then overrode the governor's veto by overwhelming majorities. The vote in the house was 70 to 11 against the suggested amendment and 73 to 29 to override the governor's veto. In the senate the vote to override the veto was 24 to 10.

Governor Henderson early today returned the prohibition bill to the legislature with his disapproval unless it be so amended that the matter of liquor be submitted to the ratification or rejection of the people and to make the prohibition bill, if then adopted, effective October 1 next instead of June 30, as provided in the original bill passed by the legislature. The debate in the house was extended, but in the senate but little time was wasted in speech making.

The state of Alabama will be come dry, under the Merritt bill at 11 o'clock p. m. Wednesday, June 30th next. The Merritt bill is practically a revival of the former Carmichael bill, under which Alabama went dry in 1909 and remained dry for two years, the passage of the Smith bill by the same legislature in extra session repealing the other dramatic bills and placing Alabama under the operation of a local option bill. Eight of the sixty-seven counties of the state, under local option, voted to license saloons.

NEGRO HELD ON MURDER CHARGE

Charged with murder in the first degree in an indictment returned by the grand jury two years ago, Henry Leslie, a negro, was arrested near Granger yesterday by Deputies Alex May and Travis Mixon, and brought to the county jail for safe keeping. Leslie is alleged to have killed his brother, Sam Leslie, two years ago, by shooting him to death with a shot gun, and since that time has evaded capture.

PARTIES FINE RURAL HOUSE

Unidentified Persons Set Fire to House Near Webb.—Fire, which destroyed the building and then destroyed a revolver to awaken May and his family.

Tracks made by two parties were followed a good distance from the scene, it is said, and theory is that the parties made the tracks were responsible for the destruction of the building.

Henry Powell, who is a real estate dealer, connected with C. H. Tutwiler of this city, said that he bought the property about a week ago.

The case was placed in hands of Sheriff John A. May who put in a long distance call for Blakely, Ga., where it was believed blood hounds could be procured.

This and many other cases demonstrates the necessity Houston county buying bloodhounds.

Lesson Text.

1. Then Jerubbaal, who is Gideon, and all the people that were with him, rose up early, and pitched beside the well of Harod; for the host of the Midianites were on the north side of them, by the hill of Moreh in the valley.

2. And the Lord said unto Gideon. The people that are with thee are too many for me to give the Midianites into their hands; for Israel vaunt themselves against me, saying, Mine own hand hath saved us.

3. Now therefore go to, probe in the ears of the people, saying, Whosoever is fearful and afraid, let him return and depart early from mount Gilead.

4. And the Lord said unto Gideon. The people are yet too many.

5. So he brought down the people into the water, and the Lord said unto Gideon. Every one that lapped of the water shall be put to death, except he that put his hand to his mouth, as a dog lappeth the water, shall not be put to death.

6. And the number of them that lapped, putting their hands to their mouths, were three hundred men; but all the rest of the people bowed down upon their faces to the water.

And the Lord said unto Gideon. The people are yet too many. And he brought down the people into the water, and the Lord said unto Gideon. Every one that lapped of the water shall be put to death, except he that put his hand to his mouth, as a dog lappeth the water, shall not be put to death. Reorganization Sale!

Foy & Williams

We have always called our store "Dothan's Best Store," because we have always been firm in this belief—We believe the best store should offer the best service, the best merchandise, and always have prices as low as consistent with safe business; the store must carry what the people want when it's wanted; it must live and practice the golden rule, which means rigid honesty in all its dealings. If these few cardinal principals are lived up to, the people will show their appreciation by rallying to its support.

The people have always shown such confidence in this store that it could be truly called "The Peoples' Store." Before election every candidate claims to be the "Peoples" candidate, and not until the final vote is counted can the peoples choice be determined.

We believe the final vote in Dothan Merchandising has been cast and the overwhelming victory is ours.

On the opening day of our Reorganization Sale, our cash register recorded sixteen hundred and twelve sales for the day. We must have had considerably more than two thousand customers that day, for we believe that more than a third of them went away without being waited on. We are now working nearly forty people, as many as our limited space will accommodate.

The crowds have taxed our store to its utmost capacity.

The sentimental expression of the people have been many, but actions have been even more pronounced.

This week has proven the fixed permanency of our position in Dothan.

Our Reorganization Sale continues 30 days, but the sooner we close out the present stock, the sooner we will have a new stock for you.

Let Something Be Said

When over the far name of friend or foe
The shadow of disgrace shall fall instead
Of words of blame, or proof of thus and so,
Let something good be said.

Forget not that no fellow being
May hold so low but love may lift his head;
Even the cheek of shame with tears is wet
If something good is said.

No generous heart may vainly turn aside
In ways of sympathy, no soul so dead
But may awaken strong and glorified
If something good is said.

And so I charge ye, by the thorny crown,
And by the cross on which the Saviour bled,
And by your own soul's hope of fair renown,
Let something good be said.

Thought for the Day.

We only live one day at a time.
One fleeting day.
No matter if gold be the sun-kissed shore
Or shadows gray
The hour that lengthen 'neath sorrow's prick,
Joy can defy.

And the friends that bask in our merry laugh,
Ere, when we sigh,
The cup that is fullest of pleasure's foam
Is quickly drained.

And time dries the eyes that blistered hot
When tearsdrops rained,
Yes! Laughter is measured in one short span,
So fades the sigh.

For we only live one day at a time,
You and I.

Truth is truth,
To the end of reckoning

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the women's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

The Titanic Memorial.

(Winfield M. Thompson in Harper's Magazine.)

In the gloom of a rainy evening as the Staten Island Ferryboat creeps on through mist to its slip on the south tip of Manhattan Island, the veil ahead is suddenly pierced as if by a huge green eye. Glowing in pure aquamarine, like an enormous jewel, it points the way until the gray veil lifts and the softened profile of the lower city, its illuminated tower rising like fairy castles into the clouds, looms near at hand. The boat glides into its slip, and its passengers file ashore, unmindful of the marvelous beauty of the softened city of light and its great eye of gleaming beryl. A stranger lingers to ask questions. "That light? The Titanic Memorial, sir." On a tall building dedicated to the needs of sailors stands this modern Pharos, erected to a tragic memory. Each night its bright glow guides the sailor within the port, whether he be freshly come from the perils of the deep or plies the familiar routes of harbor voyages. Above the cold white glitter of a thousand acres, the yellow gleam of millions of incandescent bulbs, the deep ruddy beam of the harbor lights, the twinkling of the channel buoys and the changing red and green shades of shipping shines the deep, phosphorescent glow of the Titanic Memorial—a symbol of safety and a monument to sentiment.

INTERNAL CATARRH

"Peruna Has Done Wonders For Me. I Was No Young."

Mr. E. W. Curry, P. O. Box 111, Petersburg, Va., writes: "I have been troubled with internal catarrh since my childhood, and was often in bed with it. When I was able to get up I was so weak and thin I could hardly walk. What I ate disagreed with me. I had a stomach and liver trouble, and my feet and knees were swollen so I could scarcely drag around."

"I took Peruna and it has done wonders for me. My cure was a surprise to my friends for they never expected to see me well again. I took two bottles of Peruna after doctoring for five months and growing worse all the time."

Continuous Headache.

Mrs. Esther M. Miller, Box 191, De Graff, Ohio, writes: "I was a terrible sufferer from internal catarrh, and had the headache continuously. I was not able to do my housework for myself and husband. You recommended Peruna. I took four bottles and was completely cured. I think Peruna a wonderful medicine, and have recommended it to my friends."
